

INNOVATION SPARKS AT THE AARP

Discover opportunities for City of Wanneroo businesses at the
Australian Automation and Robotics Precinct

City of Wanneroo businesses can access exclusive opportunities at the Australian Automation and Robotics Precinct (the AARP), thanks to a three-year Enterprise Funding Agreement and proud partnership with CORE Innovation Hub (CORE).

Whether you're looking to start up, scale up, or shake up, the AARP is a place where innovators and innovations collide. Explore events, programs and facilities to take your business to the next level.

- ✓ AARP Start Program
- ✓ Global Robotics and Automation Technology Showcase
- ✓ Co-working and office space
- ✓ Brew Hub and Connect Series and AARP Bots & Bevs Series

AARP Start

Looking for a boost to accelerate your growth? The 12-week AARP Start program is designed to help unlock your potential and gain entry to the AARP.

Develop, test and demonstrate your robotics and automation capabilities in an industrial setting across mining, resources, energy, renewables, remote operations, agriculture, construction and more.

Find out more and apply at theaarp.com.au/programs/#aarp-start

AARP events series

Meet and connect with AARP users and across the broader robotics innovation ecosystem at Brew Hub & Connect morning tea and Bots & Bevs networking events.

Global Robotics and Automation Technology Showcase

Showcase your capability to local and global audiences and connect with potential partners and customers across the innovation ecosystem at an outstanding event in a world-class facility.

For more information, visit businesswanneroo.com.au

Co-working and office space

Experience all the AARP has to offer. Co-locate your business at the AARP and be part of a world class, industry driven ecosystem. Part and full time co-working and dedicated private office space are available on short or long term lease.

- Plug and play connectivity
- Curved monitors
- Lightning fast wi-fi
- Full kitchen facilities and on-site parking.

Find out more and start your own innovation path today.
